

Technical information

Composition

90% new wool
10% Helanca

Weight per meter

Approx. 630 g

Fire test

EN 1021 – 1/2
BS 5852 part 1
Önorm B1 / Q1
US Cal. Bull. 117 2013

Lightfastness

5–6 (ISO 1–8)

Abrasion

100.000 Martindale

Fastness to rubbing (ISO)

Dry (note) 4–5
Wet (note) 4–5

Colour

Slight differences may occur.
Foreign fibres may occur in light colours.

Produced in

United Kingdom

Artifort Selecte

by **kvadrat**

Artifort Selecte

The mix of two complementary yarns creates a beautiful combination, full of richness and depth. Artifort Selecte is a carefully selected range of sixteen colours divided into four groups that reflects the latest colour trends.

This high-quality range of fabrics is made from 90% wool and 10% Helanca. Artifort Selecte uses an environmentally sound production process and is available at price group AA.

Benefits of natural wool

Wool is a renewable resource

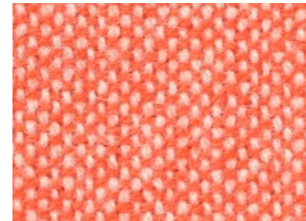

Wool is biodegradable

Wool is naturally soil-resistant

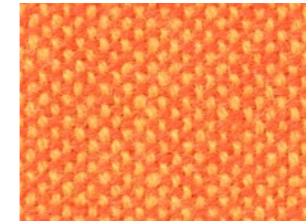

Wool is flame retardant

Wool has the ability to absorb and give off humidity

Wool has a warm and comfortable feel
